IN CROSSING AND CRUISING STAGES

STAGE 6 VANUATU - DARWIN

VANUATU-PAPUA NEW
GUINEA-TORRES STRAIT -
DARWIN

1 OCT – 31 OCT
(2024)

CROSSING (1600 NM)
+ Visit AUSTRALIA

NAVIGATION NOTE:

SE trades in winter and strong westerly tidal currents. The best time to cross the coral sea from Port Vila (Efate island). Make an approach starting from Port Moresby (Papua New Guinea) studying the route very well. Likewise with the route to Darwin
